AGENDA

How the tail spins and new rules are being received

- There is some apprehension about the new rules and regulations, Maybe too much is being perceived as being asked at the starter level.
- Concern that the format might keep potential participants away

Variety of judges

- Ray does not want to keep judging all the time.
- **New Policy:** A club should not have the same judge two competitions in a row, unless due to a small entry, that club would incur financial hardship to bring in another judge, or if they are unable to procure another judge.
- If a club wants to have a competition with fewer than five people, they can, however the club reserves the right to cancel such competitions.
- Judging Seminar needed (seperate from a competition).(open to competitors as well).

FE0(Should it be grouped in specialty or the class the competitor is competing in?)

- It should be grouped with the class, as it would be easier to find.

ADD: (Judged Run Throughs with food. No titles, just a run through to get some feedback on a routine before actually competing with it. Would

also be extra practice for judges. Would be done at the end of the competition, so there are no treats on the floor when titling competitors are in the ring.)

PERFORMANCE DAY

- Maybe have a 'day' where people can go in and perform something.
- Could be open to anybody, not just to P2D members.
- No judges, just an opportunity for people to perform.
- We will organize one sometime this year to try it.

Prancing Paws 2019

- Considering that the weekend we had planned to do the competition was mother's day weekend, potentially change the competition to May 25th.
- Possibly do a improvised routine thing, where everyone draws a song and then goes in the ring and then goes in the ring and does a routine to it.
- Do we want one day or two days? **Yes.**
- We will have a raffle and/or a silent auction.
- **Competition is on May 11th and 12th, but if nobody is going to come on the 12th, we will cancel that day.**

Brookwood yard sale

- P2D will not take part.

Demo opportunities

- Linden, (A demo to their club), July 10th.
- Care home in Burnaby, 2:30 in the afternoon on a Wednesday, we would set the date.
- Tv Series that features different things that you can do with your dogs.

WE will soon be selling our old mats. \$10 dollars per quad, discounts if you buy more than 10. We have 110 of them.
