Competitions

It would make more sense to do the next 2 competitions online, as it would not be as good with all the restrictions we would have to place.(everyone agreed)

Possible dates for future competitions(Next year)

- Jan 30th
- March 27th
- May 22nd (prancing paws?)
- June(Island Fling?)
- July 31st
- August(island outdoor competition?)
- September 25
- November

The January and March competitions are designated as video competition's, as the chances of things changing seem low, and the third competition could possibly be live, but would have to be outdoors. We would have to see about the other competitions

Financial

Club has \$2500

We need a new/revamped website(will cost about 150-200)

Meetings

Idea that we could continue doing meetings via Zoom in the future, as it is easier, and more people can attend.

Video competitions

If people are extremely embarrassed by their videos, can the request they be taken down? (*no objections*)

We need some more judges

- Ray will try to find people who could judge from his customer base, from people who don't necessarily do freestyle.
- All members should also consider approaching dog people they know to become judges.
